Highlights

~Successfully migrated 6 merchants to TPE 2.X

~Five Products and Project Change Requests launched

~Efforts continued on Portal Redesign project

~Work with County Treasurers to ensure successful launch of Property Tax Payments rewrite.

Executive Summary

Kansas.gov is staying very busy and productive as the month of September is wrapping up. Some of the high points for this month include:

~James Adams, Shane Myers and Jim Hollingsworth attended the BOW/DGAA awards dinner and workshop on September 13th in San Francisco. Kansas received a 2013 Digital Government Achievement Award (DGAA) from the Center for Digital Government (CDG). The state of Kansas was honored with the award in the Government-to-Business category.

~Efforts continue to migrate services from the legacy version of KanPay to version 2.X. In September, the KanPay migration team successfully migrated 6 merchants to the updated version of the payment engine.

~Kansas.gov Business Development Managers and Project Teams were able to launch five new products and product change requests in the month of September.

~The Kansas.gov Portal Design Team received a visit from NIC's Director of Creative Design, Dan Chapman. Previously serving as the Director of Creative Services for NIC's Rhode Island portal, Dan now acts as a design consultant to help Portals adhere to industry best practices for design and usability.

~As the November 1 launch for the Property Tax Payment service nears, the Kansas.gov Project Team remained hard at work to perform testing on the service, and to obtain updated contracts and amendments from participating counties. We anticipate a very successful launch of the rewritten service.

1.	USD 216 Louisburg – KanPay Counter	01-05	5	3	4	3	2	4	4	3	While there are some 3s listed here, I think that may be more of a function that our original developer went on maternity leave in the middle of the project. We also experienced a delay in getting the swiping instruments installed due to lack of product. It would be helpful to have a document that outlines all the steps required before the process begins. We got a bit bogged down in the creation of the bank sites and the penny tests. Had we known what information was necessary we could have been gathering that ahead of time. Todd and Jenna have been wonderful to work with and we look forward to using this process in our buildings.

9.	KSSBEO – ARBO Codes	04-10	4	1	3	1	3	3	2	3	The application that is provided by Kansas.gov for my agency is only used March - May. This update seemed to take longer to get implemented than what I thought it should. I had the information for the update a couple of weeks prior to March 1 which should have been plenty of time to get it implemented. Instead it took a month and I was only updated on the progress when I initiated the email. Even then I was only told it was 'on time' to be implemented March 20th if not before. I was finally told on March 19th that it would be implemented on March 20th by 1:30 pm. It was closer to 3:00pm. I do no see why it could not have been implemented by 8:00am since it was apparently completed the day before.
